WORK EXPERIENCE

IBM Naga City
Automation Sep 2026 – Present
- Identifies automation opportunities through workflow analysis and leads manual-to-digital transition initiatives.
- Develops and maintains automation pipelines that eliminate repetitive tasks and streamline operations.
- Collaborates with cross-functional teams to align automation deliverables with business and client objectives.

Process Delivery Specialist – Order-To-Cash Jul 2025 – Aug 2026
- Responsible for executing daily process transactions and driving process and operational improvements that meet both client and IBM requirements.
- Applies skills in business operations, process management, compliance, and best-practice tools to support clients' core processes.
- Collaborated with cross-functional teams to identify and eliminate workflow inefficiencies.

CONCENTRIX Naga City
Advisor I Nov 2024 – July 2025
- Responsible for managing insurance policies, claims, benefits, and customer service through the Salesforce platform.
- Delivered high-quality customer support across insurance product lines.
- Maintained detailed case records and followed escalation protocols for claims assistance and stakeholder communication.

ACCENTURE INC. Mandaluyong, Cybergate
Application Development Associate Jun 2022 – Jul 2024
- In charge of maintaining and enhancing client Salesforce applications through Salesforce Configuration & Setup, Object Manager, and Lightning App Builder.
- Performed manual test execution, defect management via JIRA, and test case planning using Agile methodologies.
- Supported user acceptance testing (UAT) and provided post-release user support.
- Collaborated within Agile sprints using Jira, contributing to sprint planning and retrospectives.

HYUNDAI NAGA Del Rosario, Naga City
Digital Marketing Administrator Dec 2021 – Apr 2022
- Handled digital marketing and advertising using Adobe Illustrator, Photoshop, and Premiere.
- In charge of sales marketing and promoting various products, services, units, and limited-time offers.
- Coordinated with the sales team to align digital content with monthly targets and brand promotion goals.

3GX COMPUTERS & SOLUTIONS - Internship Naga City
Junior Web Developer Jan 2020 – Mar 2020
- Maintained, documented, and resolved issues within the BullGuardPH application - the Philippines' official antivirus distributor.
- Utilized Laravel Framework with AJAX, plugins, and Git for web application maintenance and bug tracking.
- Implemented AJAX-driven UI enhancements, integrated third-party plugins, and maintained version control using Git.

PROJECTS

KAIROS – JIRA COPILOT ASSISTANT

- Developed and maintained REST APIs using Vue.js and Node.js, integrating Jira, Monday.com, and Outlook to support 3,800+ daily tickets, reduce response time by 40%, and deliver **3.69 FTE savings.**
- Internal IBM OTC team tool built with Vue.js 3 + FastAPI. Features a JIRA Standardizer, live Priority List enrichment, Resolve360 quality/RCA workflow, Monday.com workforce analytics, and an AI chat assistant powered by GitHub Copilot and IBM ICA. 2026

MS EXCEL MACRO TOOLS - github.com/emngit/MS-Excel-Macro-Tools

- Built an Excel VBA tool that maps ATB HRC customer names to CCP names using three match levels and logs unmatched records. It cut processing time per report by **94%** (42 min to 2.4 min), saving about **60 hrs/month** and **0.39 FTE**.

CAPSTONE PROJECT: Web Application for School Uniforms Tailor shop Management System – SewIt

- Developed a web-based tailoring shop management system designed to streamline operations and enhance customer experience for tailoring businesses in Naga City.
- Built using **CodeIgniter Framework, PHP, MySQL, and Node.js**, incorporating customer management, order tracking, inventory monitoring, and reporting functionalities.
- 2020
